POWERFUL PILE REMEDY DISCOVERED

Has Never Failed to End Most Obst.

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but

also do not remove this cause, but simply the formation.

This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles that even chronle cases of from 20 to 30 years' standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

Just read what Henry J. Stone of the Lorain. Ohio Fire Department says:

"I had bleeding and protruding piles for three years and tried all kinds of remedies without result, but was thoroughly cured after taking one bottle of Miro."

All pharmacists dispense Miro or can get it for you on short notice. Surely it's worth the little trouble to obtain it to be rid of piles forever.
